Participation, Goal of Loyalty Fund

Kenney, Jacobs Address Student Council on Issues

Preceding the last two meetings of the Student Council were heard addresses given by two officers of the Administration. Mr. Kenney, Secretary of the Alumni, spoke concerning the Loyalty Fund Drive. "We are facing one of the greatest challenges in the history of St. Michael's College", Mr. Kenney said. The challenge referred to is the continuation of the building program begun in 1946.

More recently, Coach "Doc" Jacobs, Athletic Director, addressed the Student Council. Mr. Jacobs discussed plans to have a soccer program next fall, complete to the scheduling of inter-collegiate competition.

As of a week ago, the Junior Class led the Inter-class Competition race with a 70 point total. Following were the Seniors with 40 points, the Freshmen with 25 points and finally the Sophomores with a 10 point total.

January 17 is the date scheduled for Freshmen and special class elections. The Freshmen will elect four Class Officers and five Student Council Representatives on that day. The Senior and Sophomore Classes will each

elect a Representative to fill the recent vacancies.

The Business Forum, a club on campus in all but name, was finally granted Student Council recognition. Dave Dowd, a Senior Delegate, moved for, and was successful in attaining, the recognition.

The tentative plans to schedule two meals on Sunday have been made permanent. Every Sunday then, brunch will be served from 10:00 to 11:30 A.M. and dinner from 3:00 to 4:30 P.M.

The Junior Class was given permission to sponsor another dance on February 27. The last dance met with success as some \$207 was realized as profit, according to Bill Haggerty, Junior Class Treasurer.

In the organizational meeting of the Student Loyalty Fund January 5, held in Science Hall 108, Pat DeAngelis announced that the drive would commence January 10 and end on January 22. Chairman DeAngelis stressed that the percent participation is the main goal of the drive. There were better than 50 class captains on hand to receive their final instructions. Mr. Kenney gave a short talk stressing the value of the Student Loyalty Fund to the College.

Pat DeAngelis, President of the Senior Class, and Chairman of the Loyalty Fund Drive, is shown collecting \$10 from Dan Sherlock and Fred Scarlatelli. These two seniors were the first men to show their loyalty at the opening of the drive.

Assisting Pat DeAngelis in the organization of the drive are Dick Hickey, '61; Dave Drew, '62; respective presidents of their class, and Joe Kozlowski, honorary president of the Freshman Class. Each president has appointed captains in their classes to collect the donations from a small group of their classmates. The success of the drive lies with each class captain, for it is his job to contact every student.

Every student is asked to give something. If the students show what they think of the college by their high percent of participation in the drive, Father Dupont will have a powerful persuasive argument when he solicits funds from industry for the support of the college. Mr. Kenney remarked that the needs of the college will be sky-rocketed with the new building campaign.

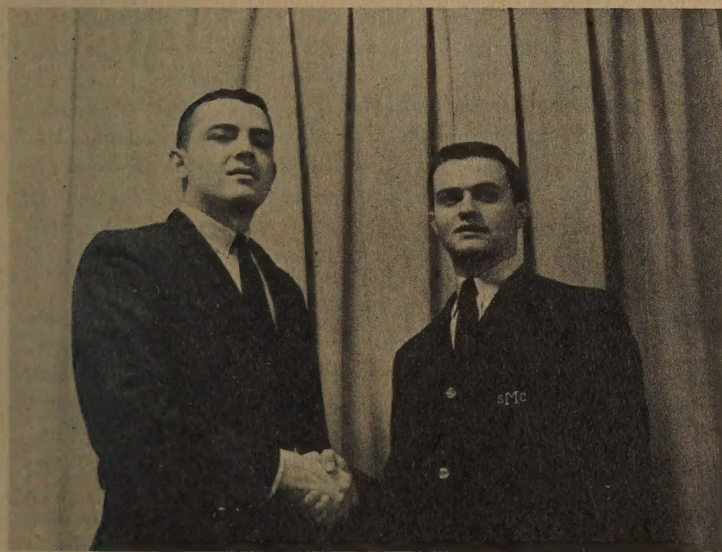

The students will not only help the college, but will also help themselves by participation. By building a physical plant that they can be even prouder of, they will add service and prestige to the college. Thus, their degree will also increase proportionally in value.

Besides the new dormitory and student-union under construction, the college plans within the next ten years to build another dormitory, library, classroom building, field house and chapel.

100% PARTICIPATION VIEWED

The Student Loyalty Fund is not a new idea. The Michaelmen in 1947 had a better than 90% participation in their desire to share the responsibility in the building of Science Hall. Notre Dame has a student loyalty drive that has 93% participation. It is the hope of the committee to surpass these figures. Will you do your part for a high percent of participation?

Pellegrine Appointed to The Editorship of '61 Shield

Richard Hickey, President of the Junior Class, congratulates Robert Pellegrine on the occasion of his appointment as Editor of the 1961 Shield.

Richard Hickey, President of the Junior class, has announced the appointment of Robert Pellegrine to the editorship of the 1961 senior yearbook, the Shield.

Pellegrine, a Junior Pre-medical student, was selected primarily because of his experience here on campus in the field of journalism.

His affiliations have included the Lance, the college literary magazine of which he was associate editor in his sophomore year, and the Quill a supplement to the Lance.

He has written for The Michaelman, the college newspaper, for the past three years at which time he was associate editor in his sophomore year and is presently holding down the position of copy editor. He has also written for the ROTC newspaper, the Knight Flyer.

Pellegrine is now also engaged in editing of a scientific journal, a recent innovation on campus. The publication contributed to by the members of the Pre-Medical Society, the Chemistry Club, and the Mathematics Club is to be entitled the St. Michael's Scientific.

INTERVIEW

Pellegrine stated that he would strive to uphold the fine tradition and quality that has been placed into the yearbook by past editors. He added that the yearbook is a class project and that he would welcome all original ideas.

Fifty Brazilian Students Add Variety to Campus

by John Sinnott

Fifty Brazilian students and professional men arrived on January 11, for an intensive six week course in English at St. Michael's College.

Professor Ernest A. Boulay, chairman of the English department for foreign students, said that the group is the first of two similar groups that will arrive on campus from Brazil during the year 1960.

ENGLISH COURSE

The course given will be a modification of the usual eight week Basic English Course, since the Brazilians already have some familiarity with English through their own business fields and interests. Included in the course will be a special orientation program through which the men will become acquainted with the various customs of North America and especially Vermont.

DR. SPENCER

Dr. Robert C. Spencer chairman of the Political Science Department and Vermont State Senator has arranged a trip for the students to view our state type government in action, at a special session of the Vermont Legislature in Montpelier.

Dr. Joseph Amrhein, chairman of the Business Administration Department, is assisting with plans for visits and studies of local Vermont business and industry. As a further aid the facilities of the Vermont Development Commission have been opened to the students.

Dr. Ruy Esteves de Azeredo, Brazilian educational consultant handled arrangements for the flight from Rio on the 6th, the arrival and stay

in New York from January 7-10 and the final trip here to Burlington.

Registration started Monday the 11th. Formal classes will run from now until Washington's birthday, February 22.

The Brazilian group is the largest group from a single country to come to St. Michael's since the 101 Hungarian Freedom Fighters were welcomed in January of 1957.

EVENING MASS

MON. thru SAT.

4:30

CONFESSIONS 4:00

Miss Decy Vignoli, Brazilian journalist, interviews some of her fellow students. Chief question: "What do you think of Vermont weather?" Being gentlemen, they have "no comment."

WITH MALICE TOWARDS NONE

As the old year passed, with it went many fine memories that will stay with us for years to come. There are also many incidences and topics that may have unfortunately slipped our minds.

With the new year now in full swing, most students have probably set for themselves certain resolutions to fulfill during 1960. However, there are certain prominent ones which we may have neglected to bring to our minds during the action-packed vacation that has recently terminated. These may seem narrow in view at first, but the more we think they are ones that also carry over into our non-institutional life.

RESOLUTIONS:

1. Attempt to improve dress on campus as well as at social and athletic affairs off campus;

2. to give an added effort for the academic standing that will befit us as college students;

3. to present ourselves as gentlemen at activities both on and off campus. Those which will bring prestige to ourselves and St. Michael's;

4. to support activities such as clubs, lectures, and social functions on campus. To take an interested and active role in these activities;

5. to resolve to support as well as we are able the Student Loyalty Fund. Participate to build for the future.

These are just a few points that we have experienced or had some contact with during the last year. Perhaps this is a good time to resolve some of these points in our own minds. Make that late resolution and have a fruitful and rewarding year.

R.L.H.

It's No Pipe Dream

A contest based on unusual experience with a pipe and/or pipe smokers open to both men and women was announced today by the Pipe and Tobacco Council, The Council, which will appoint a top board of leading educators, business leaders and tobacco industry men as judges, will award a *scholarship aid in grant* to the winning entry. In addition to the scholarship, Jerry Nagler, executive director of the Council revealed that an additional 25 prizes will be given to runners-up.

COEDS PREFERENCE

Pipe smoking, which has been the prerogative of the college student since the early 18th century, has been increasing on the campus in past years. Recently a national research organization revealed that *more than 65 percent of coeds prefer a man who smokes a pipe*. Estimates show that more than 18 percent of male college students smoke pipes, *an amazingly high amount*, since just after the end of World War II the figure was only three percent.

CONTEST ENTRIES

The contest is open to any college student. Entries need not be accompanied by any coupon, nor are there any entry blanks to fill out. A one paragraph application is preferred by the Council, with entrants mailing their pipe smoking "experience" directly to the Pipe and Tobacco Council or giving it to the local retailer for forwarding.

The contest, which begins on 1100 campuses on November 15, will extend through March 15. Those wishing to mail entries direct should address them to the Pipe and Tobacco Council, 35 West 53rd Street, New York 19, N.Y.

Question: Does the beat generation represent our times?

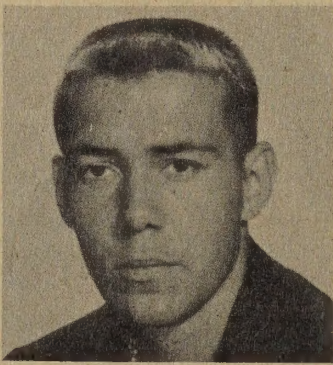

Ronald Aliazzo, Class of '60
Ozone Park, New York

While the beat generation is considered a rebellious group of non-conformist who have the temperaments of artists but lack the talent, I would still say that they make up a certain part, however small, of the younger generation. However, as to whether they represent our times, the answer would have to be no. They are too small a segment of our society as to be representative four times.

Michael Ruggiero, Class of '61
Farmingdale, Long Island, N.Y.

In our society we are governed by our laws, religious, ideals and philosophies which constitute a certain conformity to our lives. The Beat Generation seeks to escape from this "humdrum" of man's daily obligations and the stability it requires. Therefore in my estimation the Beat Generation represents that radical portion of society, a restless group seeking to justify its philosophies and place in life.

Jim Van Wagenen, Class of '62
Poughkeepsie, New York

Among the so-called beatniks, who love poetry-less poetry, literature-less literature, and goatees, we find students, middle aged misfits and Freshmen English professors. However, I feel that this fifth column movement is not representative of America and as such will die out in due time. But as long as these subversives are around we can all get a big laugh.

OPEN MONDAYS

by Dave Williams & Mike Fitzsimmons

For those of you who may have wondered, the man who translated Padre Pio was seen the evening of January 11 flying over India in a Piper Cub dropping bombs, screaming threats in Chinese and generally doing what he could to incite hostilities. He is now back at his old job of fixing horse races. Predictions work better in that field!

Speaking of wars, some of the members of our student body met recently with some of the members of the UVM student body to discuss ways of averting a brawl. Unfortunately they disagreed on how to prevent this and the peace council ended with Peter Petrapoulos being punched in the proboscis. This led to a brawl. The conference worked out just about as well as we expected.

1. Rudy Vallee for Junior Weekend
2. Kazinski for Frosh President
3. Sgt. Moore for yearbook dedication
4. Carmine Pizza for soccer team captain

Past and Present

The great literary movement which swept through Europe and England in the late 18th and early 19th centuries was a revolt against Neoclassicism and the philosophy of the Enlightenment. The movement is more popularly known as Romanticism. Essentially it was a revolt against the extreme emphasis placed upon reason, and emphasized the simplicity and importance of Nature. The movement began in France with the writings of Rousseau, and from there spread to the rest of Europe. And except for one country, the movement was essentially literary rather than political.

That one country was Germany. The whole German Romantic movement was distinct from the general movement, and in many ways was completely alien to it. It was characterized chiefly by a complete revolt against reason, and assumed a profound spirit of irrationalism. From the very beginning, the German Romantic Movement was political rather than literary in character. The source of the identification of Romanticism with nationalism had been Rousseau and his conception of the nation as a sovereign political entity.

Before the Napoleonic Wars there had been a notable lack of national patriotism among the German people. The German nation that we know, the German nation as a sovereign political body did not yet exist. The first person to speak of the German people as a definite entity was Johann Herder, the "German Rousseau". Like Rousseau, Herder endeavored to bring his generation back to a life founded in the laws of nature, for he regarded a nationality as an organic unit. To Herder, culture was essentially *national* in character, and the creation of a national culture was the result of the operation of what he called "folk-character", or *Volkgeist*. Herder was a humanitarian, but his great emphasis upon national character and culture became the foundation for an entire century of irrationalism and authoritarianism in the German nation. The dictatorship of Adolf Hitler in the 20th century was the logical culmination of a century of prostration before the overwhelming value of the State as the highest reality. Next week we shall attempt to illustrate the definite link between German Romanticism and the regime of Adolf Hitler, and how it developed.

St. Michael's, UVM Summit Meeting

Acquaint Yourself With Foreign Students' Program

by Dave LaMarche

As the first article of review on the department of English for foreign students dealt with the problems of recruiting students in free-world countries and a brief introduction to the texts use by the students, we will now consider the make up of the program and speak of the activities offered within the department.

The program offered is a 16 week, 150 hour instruction period of intensive study and orientation in English, consisting of classes, movies and lectures. The total program is designed to acquaint the student with the customs, and cultures of the United States at the same time that he is acquiring fluency in English.

Knowledge of a student's academic standing is kept by a marking period every four weeks. Also included is a series of interviews throughout the 16 week period testing his ability to converse, read, write, and comprehend on any desirable topic.

Normally at this point information is gathered from the students for future placement in a college program or employment. The achievements of the students then qualifies him for one of the four levels of training

in the department's elementary, intermediate, advanced, or high advanced plane.

In conjunction with the courses, extra-curricular activities are offered in sports, clubs, student newspaper, song fests and many others all working towards the desired end of a better student in English.

NEW COURSE

A new course recently begun by the department is a course for foreign teachers of English. Only two colleges at this time in the United States offer this course; Columbia University and St. Michael's. This course concentrates a study in advanced levels of written and oral English with emphasis on techniques and procedures for teaching.

1500 GRADUATES

Credit is to be given to the staff of this department for the work they have accomplished. They have already graduated over 1500 students and have qualified many of them for college and university work in the professional fields. The staff has far exceeded extending good will for our country around the world, they have extended the American way of life, democracy via the English language.

By Phillip J. Lagoy

On Sunday a meeting was held between students of St. Michael's College and the University of Vermont in an effort to better relations in anticipation of the fact that they could very easily be strained at the up and coming basketball games.

These meetings were held in order to educate the students of both campuses and to foster in them the realization that two colleges can get along socially, culturally and intellectually without a constant feeling of animosity.

The meeting was opened with an introduction and welcome by Don Church, president of the U.V.M. Student Association. This Association is comparable to our Student Council. Jim Aquino and Don Church then introduced the members who were responsible for these meetings.

Panel Discussion is shown at recent St. Michael's, UVM Summit meeting. The participants discussed possibilities of bettering relations between the two institutions - socially, culturally, sports-wise. The results of the meeting were termed as "very encouraging" by both groups.

DEANS OF COLLEGES

Deans of Men, Earl Clifford of U.V.M., and Fr. James Coombs, S.S.E., of St. Michael's, then spoke to the members. They encouraged them to do their best to make these meetings successful and to try and come up with solutions to the problems before them.

DISCUSSION PANELS

The delegates broke up into panels of 10, five from each school, with a discussion leader appointed from each school. After the preliminary discussions were over, the leaders met and narrowed down what had been discussed in order to avoid repetition, and a final panel met to adopt the pertinent propositions. Michaelmen on the panel were David Dowd, Dick Hickey, and Hugh McColl.

After the discussion the following problems were found to be at the bottom of the troubles between the schools.

the great rivalry between the Cats and the Knights upon the basketball court and elsewhere.

MIXER

To remedy the situation, many suggestions and proposals were made. The president of Kappa Sig stated that the red jackets would no longer be worn to the games. A tri-college mixer was suggested, to be held during Freshman Week to give the new students a chance to make personal contacts with the other campuses in the area. Under this proposal U.V.M., St. Michael's, and Trinity would be included.

Among other suggestions was an address by the captain of the host team before the game exhorting the fans to remember that it's only a game and that fighting and brawling afterwards prove nothing. The possibility of a joint dance after the games was mentioned. It was stipulated that the dance would be held on the court at Memorial Auditorium and would be for couples only.

MORE TICKETS

The Athletic Directors of each campus will be asked to allot more tickets to the school which happens to be the "away" team for any given game. In this way it is

hoped that it will promote competition and healthy rivalry among the masses rather than animosity and bitter feeling between individuals.

Dave Toussaint suggested setting an intercollegiate organization to co-sponsor activities and to foster unity among the two schools and Trinity. And the Student Association Cultural Chairmar suggested the merging of the S.M.C. and the U.V.M. Student Lecture Series in order to procure high caliber speakers and ease the individual financial burden on each school. A final cultural suggestion was made to the effect that the various clubs on each campus might invite members of the other student body to meetings when there will be an outstanding film or speaker.

SUMMARY

The meetings were closed with a summary of what had been accomplished and the members were asked to go back to their respective campuses and to speak to their classmates, see how they feel, and get a good idea of what can be done. They were asked to keep in mind why they met, and to remind the other students that it is not necessary to fight in order to have a good time.

Prof. Pearl Addresses The New Education Club

by Robert J. Paterson

The Education Club of St. Michael's College held its initial meeting on Tuesday evening, Jan. 12, in Science Hall 108.

Frank Dermody, assistant professor of Education at St. Michael's, opened the meeting and acted as chairman in the absence of an existing president of this new club. Mr. Dermody had as a guest speaker at the meeting, an associate professor from the University of Vermont, Mr. H. Dean Pearl.

PROFESSOR PEARL

Professor Pearl gave to those present the idea of the teacher being a leader of men, or "the men to be." This is why students interested in the field of teaching should have exposure to an Educational Organization. This would be an activity of value. It would have as its purposes, to show the students how to get along with people, and to work as a team, to explore areas of mutual interests, and by inviting speakers, who would give them professional experience, and encouragement.

Professor Pearl told of three different ways of becoming such an organization. First, to have an Education Club at St. Michael's, second, to become affiliated with the Student National Education Association, where membership is open to everyone that applies and pays their \$5.00 yearly dues, and third, by establishing a chapter of Kappa Phi Kappa fraternity here at St. Michael's.

This is an honor society for those interested in the field of Education. He further stated that we could become affiliated with both the SNEA and the fraternity. At the end of his talk Professor Pearl opened the discussion to the floor, for a question and answer period.

ELECTIONS

After the talk, and the decision to form a definite club, there was an organizational meeting, at which time the following students were elected, President - Michael Duto, Vice-President - Harold Lloyd, Secretary - Michael Kelly, and Treasurer - John Long.

KAPPA SIG

The red jackets of Kappa Sig Fraternity at U.V.M. were blamed for creating the feeling of gang action among the students at St. Michael's. And perhaps the biggest reason for these differences is the fact that the freshmen become over-enthusiastic after hearing the upperclassmen tell of

Reservist Brown Adds Touch To ROTC Band

One of Vermont's top bandmen, Warrant Officer Raymond H. Brown of Proctor, Vt., is the new director of the St. Michael's College Air Force ROTC Band.

Lt. Col. Wiley M. Bondurant, professor of Air Science at St. Michael's, said that Brown, a reservist with wide experience in this country and abroad, has agreed to take the director's post.

Brown, author of the "Vermont Infantry March", was director of the Band Training unit at Fort Dix, N.J. He has also directed the 308th Army Band, Camp Edwards, Mass.; the 289th Army Band, Yokohama, Japan, the 377th Army Band in Alabama and, for his last assignment, the 9th Army Band at Fort Dix.

Brown has had several marches published. He dedicated his "Vermont Infantry March" to the late Major General Wing of Rutland the popular commander of the 43rd Division during World War II. The March was used in the All-State Vermont Music festival.

The band has several engage-

Warrant Office R.H. Brown

ments this year in addition to performing for reviews and other college functions. The band made a hit in its debut at the Norwich basketball game. Next month, the band will again play at the Saranac Lake Winter Carnival.

The Cadet commander for the band is Cadet Major John E. Joyce. The student director is Cadet S/Sgt. Robert P. Therrien.

K of C Celebrate Their Third Degree At Banquet

By Robert J. Paterson

The Chaplain John Verret Council #4870, Knights of Columbus, St. Michael's College, held a Banquet in Burlington, Vt., on January 10, 1960, Sunday evening at 6:30.

This dinner is a customary affair among the various councils at the completion of the third degree. Sgt. Robert Moore, Grand Knight of the Council, acted as the "Emcee" of the dinner.

Very Rev. Father Gerald E. Dupont, S.S.E., president of St. Michael's College, gave a short talk to those in attendance. At the conclusion of the talk, Mr. J.O. Harton, representing the Vermont State Council of Knights of Columbus, presented Fr. Dupont with a gift of a check for \$500.00 for the use of the College.

SHORT TALK

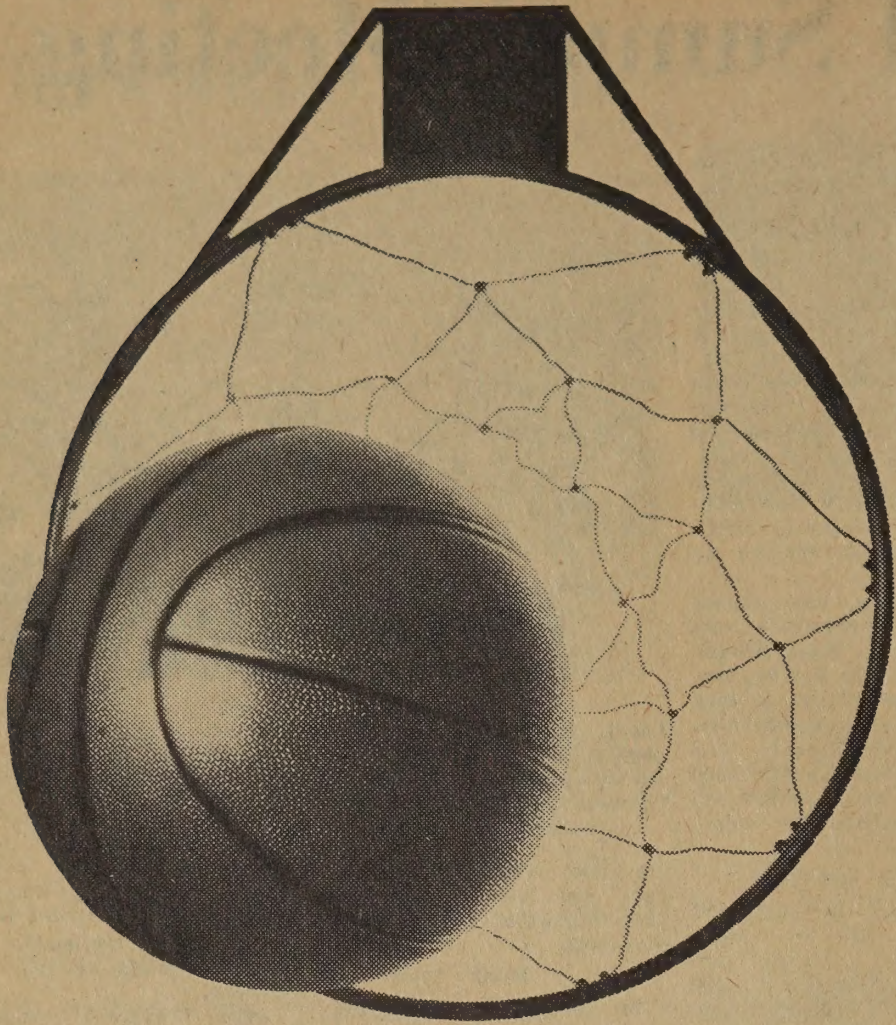

The presentation was followed by a short talk by The Honorable Judge Edward J. Costello, guest speaker at the dinner. Also at the din-

ner were Fr. Morin, dean of studies, Fr. Coombs, dean of men, and the Chaplain of the Council, Fr. Sullivan, and Fr. Roger W. Carlin of Holy Family parish, Essex Junction, Vt. The dinner was also honored by the presence of several other members from the Vermont State Council.

BANQUET

The banquet was made possible by the DeGoesbriand Council, who catered the dinner and allowed the St. Michael's Council to use their hall to hold the affair.

Your Prayers are requested for the repose of the souls of the fathers of Joseph Blackham and John and Richard Casey.

Twenty Pre-Med Society Members Apply For Honors

By Robert E. Pellegrine

The Saint Michael's Pre-Medical Society has announced that 20 members have been selected to apply for admission into the Alpha Epsilon Delta, Pre-Medical Honor Society.

Two seniors, twelve juniors, and six sophomores were chosen by the executive board of the society and the final selection being made by a board of faculty members.

Those chosen to the petitioning group are Frederick Burkle, elected as President of the Chapter; George Cestaro, Ronald Ducham, Gerald Dupree, Michael Flanagan, John Graceffa, William Haggerty, elected as Treasurer of the Chapter; Daniel Hajjar, Gary Healy, Ronald Janton, elected as Secretary of the Chapter, William Kern, Thomas Lapine, David Mahon, Richard Milisci, William O'Connor, Robert Pellegrine, elected as Vice-President of the Chapter, John Reddan, Albert Tarleton, elected as Historian of the Chapter; Joseph Vargas, and James Willard.

PURPOSE

The purpose of Alpha Epsilon Delta, is to stimulate an appreciation of the importance of premedical education and to promote cooperation and contacts between medical and premedical students and educators in developing an adequate program of premedical education.

In addition to an extensive program of chapter activities, AED is actively engaged in many projects as a further service to its members and other premedical students. Luncheon meetings or symposia on problems of premedical and predental education have been held at the meetings of the American Association for the Advancement of Science since 1946.

Numerous state-wide conferences on premedical and predental education are sponsored by individual chapters with attendance of students and faculty from the liberal arts colleges and the medical and dental schools of the area. National conferences are also held where all of the over 70 recognized chapters throughout the country are invited

to participate.

MEMBERSHIP

Membership in Alpha Epsilon Delta is a recognition of superior achievement of a student and it affords him an opportunity to develop a well-rounded personality and qualities of initiative, and self-education through participation in the activities of his chapter and the Society.

Peter Tierney, Class of '63
Tenafly, New Jersey

In my opinion I feel that although the beat generation has become quite a controversy among the educated and uneducated, it has not as yet exerted such a profound effect upon American society. My reason behind this statement involves statistics that I have gathered from articles in magazines and newspapers. From these statistics it seems to me that even though this beat generation has grown greatly in our larger cities they have not greatly influenced the majority of the American youth.

Saints, Downed at Down East, Also Lose SMC Invitational

During the Christmas vacation the Purple Knights again proved that the foul shot is an integral part of the basketball offensive attack. In four contests, three of which were SMC losses, the Knights equalled their opponents field goal production at 98 while showing a poor 62-90 deficiency on the foul stripe.

Indeed the holiday lay-off was not so joyous for the St. Michael's squad as it lost its own Invitational Tournament and had its Down East Tourney Title taken away by the University of Maine.

LOSS TO ASSUMPTION

The Saints went into the Invitational with a 2-1 mark as they beat St. Lawrence 38-36 in a very poor Canton gym. By whipping the Norwich Cadets SMC entered the tournament final favored over Assumption but lost 78-62 to the speedy and Masterson-led Worsterites.

DOWN EAST

At Bangor where the Down East Classic is held, Jim Browne scored more points in the first game with Colby than he scored in all three tourney games last year when he was chosen MVP. However the foul line told the difference as Brownes' Boys dropped a close one 66-64.

A win over weak Delaware and a 15 point beating at the hands of Columbia left the Knights with a .500 slate as the students returned to the Hilltop. It will be interesting to note the effect of student support upon a potentially terrific team.

Followed by Procession.

Monday, January 18 at 7 a.m. Mass for Peace.

Tuesday, January 19 at 7 a.m. Mass of Blessed Sacrament
Followed by Reposition.

Evening Devotions - Sunday and Monday at 7 p.m.

Frosh Elections Scheduled For January 22,1960

The Freshman election committee consisting of Pasquale De Angelis, Peter Griffin, Mike Flanagan, Richard Milisci and Fred Scarlatelli have arranged for the Freshman class elections to be held in Austin Hall on January 22 from 10 to 3.

Also at this time there will be an election of a sophomore candidate to fill a vacancy that has been created in the Student Council.

The Freshman class, thus far under the guidance of honorary Freshman class president, Joseph Kozlowski, has two contending parties in their initial election. The "Liberals" have a very strong ticket with Robert Minotti up for the office of president. Pat Bergin is running for vice-president. John Bilodeau for treasurer, and Louis Villares for the secretarial position. Running for Student Council posts are Joseph McDonald, Patrick Curtin, William Helfrich, Andy Fay and Phil Ochinnio.

Running for the all important position of president on a party called the "Freshmen" is Robert Walsh. For vice-president Anthony Guariglia hopes to emerge victorious. Edward Dilworth is running for treasurer and Michael Martin for secretary. Competing for posts in the Council are Joseph Hogan, William Lynch, Thomas Shapert, Robert Hoehl, and Raymond O'Keefe.

Candidates for the vacant spot in the Student Council are five capable sophomores: Russell Van Zandt, William Donahue, Frank Amodeno, Joseph Gulick and Paul Harri-man.

The Seniors also have a vacant spot in the Council and they are holding a class meeting next week in order to decide who will get the nod to fill the void.

HOOP SCOOP

by Bob Quellette and Fenwick Furd

Cincinnati vs. Bradley: The Bearcats with the Big O. and their 11-0 record should have little difficulty defeating the fourth ranked Bradley Braves, who are their main challengers in the Missouri Valley Conference. CINCINNATI by 10

Ohio State vs. Northwestern: Even though Northwestern beat eleventh ranked Indiana they don't stand a chance against high scoring Jerry Lucas and Company, who have been averaging well over ninety points per game. OHIO STATE by 11

Providence vs. Boston College: John Egan, Wilkens, and Hadnot who is the new 6'10" center from the West Coast should prove too much for Boston College who lost their top ten players from last years team. PROVIDENCE by 18

California vs. Washington: Second ranked California who have five lettermen returning from last years N.C.A.A. Champs should not even have to work up a sweat to defeat the inexperienced Huskies. CALIFORNIA by 15

St. Michael's vs. Vermont: It should be another successful season for the Michaelmen in retaining their state title. And this will include two victories over the Catamounts, who previously have been beaten badly out of the Sticks. ST. MICHAEL'S by 14

Utah vs. Denver: This should be a close tilt with Utah sliding by the Pioneers who are ranked second behind them in the Skyline Conference. Two All American hopefuls, Billy McGill of Utah and Jim Peay of Denver should battle it down to the finish. UTAH by 5

Georgia Tech. vs. Vanderbilt: The Yellow Jackets who own victories over Duke, North Carolina, Miss. State, and Kentucky this season should defeat a Vanderbilt five who have yet to reach their pre-seasoned potential. GEORGIA TECH. by 6

Wake Forest vs. North Carolina State: North Carolina State has yet to beat the Demon Deacons of Wake Forest in two attempts this season, with both victories being close contests. WAKE, FOREST by 5

SUPER DOOPER HOOPER OF THE WEEK

West Virginia vs. Villanova: All-American Jerry West and the Mountaineers have won twelve of thirteen games so far this year, but we feel that they "can be had" by a very strong Villanova five. Hubie White should make it very uncomfortable for Mr. Fred Schaus. VILLANOVA by 3

How's your beer IQ?

Did you know that Joseph Priestley's theories on oxygen, life-essential of air, were formed while observing bubbles rising to the surface of a vat of beer in an English brewery? *Did you know* that John Alden was asked to join the *Mayflower* company because he was a cooper by trade and could take care of the barrels in which the vessel's beer was carried?

Did you know that Knickerbocker's the frostiest, smoothest-tastin' beer in town? If you haven't tried it lately, try it now! It's brewed to satisfy your beer thirst better!

Knights To Roll Over Vermont Cats

The Knights are shown in action against Colby in the Down East Classic at Bangor, Maine. Colby won the game 66 - 64. Al Wier brings down the rebound as Knobloch (11), Fitzpatrick (22), and Baldini (13) fight for position. Colby had sweet revenge for last year's defeat.

SMC Brilliant in Home Opener, 95-53

The Knights of St. Michael's College won their 13th straight Vermont State basketball game and rang up their 6th win of the year Monday evening by whipping a game but out-talented Middlebury five 95-53.

Middlebury, without the services of Charlie Rand, rebounder extra-ordinary, came up against a determined SMC group. It was the Knights' first appearance before the student body since a green and dismal start at Hanover.

POTENTIAL BECOMES ACTUAL

The result of this determination was a beautiful exhibition of ball-handling, team play, individual talent and bench strength. Although not pressed by the smaller Panthers from down-state the Knights were extremely loose and showed the actuality of a known potentiality.

BROWNE AND BALDINI

Jim Browne and Al Baldini controlled the pace throughout the first half by taking advantage of the board-control and running Middlebury into the ground. However, when plays had to be worked they were and to a great degree. Al Wier put in three consecutive game opening corner jump shots as Hank Knobloch fed him each time.

WIER HITS 28

Wier played a tremendous game all around. He scraped for rebounds, participated in fast breaks and scored good from the outside. His 28 points equalled the individual

high for SMC as both Browne and Knobloch have hit for 28 in previous games.

With Jim Fitzgerald working off the post and Wier and Knobloch in the corners, the Knights seemed to work a perfect offense. Knobby's soft touch jumper was deadly and his drive also dangerous. Both he and Wier can rebound well and did against Middlebury.

The game ended on a humorous note as the Knights, realizing the romp in progress, attempted to get every one into the point-manufacturing parade. When George Bazinet sank two fouls in the closing minute the entire SMC squad had ripped the cords.

Although four of SMC starters fouled out in the final seven minutes of play, Ed Markey's Freshmen kept their unbeaten string alive as they squeezed by the UVM Kittens 80-79. With a suprisingly spirited group of students whooping it up for them UVM staged a wild come-back which saw them diminish a 9 point half time spread to one point. Their failure to hit on the foul line was the main reason the drive fell short.

UVM Enters Classic Rivalry With Poor 2-7 Season Mark

Saturday evening the Purple Knights of St. Michael's will be host to the UVM Catamounts in an attempt to win their 14th straight Green Mountain Conference tilt. Although the Saints have a more powerful ball club, the University will be up, making prospects for a hard fought contest inevitable.

EISA Ski Meet to be Postponed

The Eastern Intercollegiate Ski Association class "B" meet originally scheduled January 30-31 at St. Michael's College has been postponed to February 6-7. SMC ski coach Dom Casavant attributed the change to exams.

Casavant also announced that Harvard, Yale, Bowdoin, Colby and St. Michael's College have already entered.

In the Paul Smith's meet last weekend, the Knights placed fourth. Bob Rice, and Pete Culhane placed fourth and seventh respectively in jumping. Dave Friel placed high in the giant slalom. Coach Casavant was pleased with the team's performance. Only two varsity skiers were tested. The rest were freshmen.

The skiers will compete in the Williams College carnival January 12-13. They will travel to the Dartmouth relays January 16-17 and to the Middlebury Carnival on January 27-28.

When St. Michael's again hosts the EISA Class "B" meet February 6-7, former captain Roger Rivard will be eligible. Rivard skied with Bud Werner in Germany and Switzerland while in the army and has faced some tough competition.

Coach Casavant depends on Rice, Culhane, Rivard, Bernie Rooney and Jim Willard to form the nucleus of a successful varsity.

Coming into the game with a 6-4 record, St. Michael's will be gunning for its third win. Recent wins over Norwich and Middlebury, the latter being a superb exhibition, seem to have started the Knights rolling so that UVM most probably will be victory number seven.

The Cats aren't as strong this season as they were with Bob Gallager and Kuchar in '58-59. Captain Charley Isles is the mainstay in UVM's attack and his terrific ball-handling and jumping ability will be an important factor Saturday night.

St. Michael's has four men who can be big point producers and if big Jim Fitzgerald can continue to improve, the SMC squad should have an easy time. Al Wier, Hank Knobloch, Jim Browne and Al Baldini have each netted more than 26 points in one game this year.

With Wier scoring in double figures with consistency, he

looms as the Purple Knights' top scorer. Hitting on all types of shots from fast break drives to long corner one-handers, Wier has come through excellently. He had always hesitated in his shot-making but seems to gain momentum with each encounter.

UVM will have, along with Charley Isles, Frank Giordano and Harry Zing in the starting line-up. Giordano saw plenty of action last year and gained some fame as his field goal percentage ranked among the nations top five (small college).

Giordano hits on a nice corner jumper but doesn't shoot too often. Along with his good eye from the floor goes a miserable foul stripe reputation which is said to have been overcome.

A huge crowd is expected to pack our mutual home court Saturday evening.

No matter what happens in the game lets' stay loose and have no trouble. It's worth it!

Seniors Trip Juniors Take 2nd. Half Lead

Coming back from the long vacation lay off, the rejuvenated class of 1960 basketballers started the second half of the Interclass Basketball League by trouncing the Juniors by 10 points.

The Juniors, who won the first half with a 5-1 record, loosing only to the freshmen, were without the rebounding

and high scoring punch of Dick Guilmette. Denny McCarthy attempted to take up the slack but the leagues best scorer could only net 28 points for the game.

McCarthy again led all scorers in Wednesdays action as the Juniors, down by 9 at the half, ran past the freshmen, who seem to die in the end each game, and won by 6.

With ex-varsity Bill Basel now eligible to display the things he has been trying to get across as their coach, the Sophomores should come on strong. They defeated the Freshmen earlier in the week when Mallon continued his high scoring output.

Rifle Team, Dave O'Mara Up, Show 6-1 Record

The sharpshooters of the St. Michael's College Air Force ROTC Rifle team, New England Champions last season, are again hitting the Bull's eye with seven straight wins.

The boys in blue are nearly half-way through a season of postal competition and have been stung with but one defeat. They remain undefeated in New England competition.

SIX WINS

The shooters, sporting a six and one record, have victories over Vermont, New Hampshire, Middlebury, and Connecticut. Outside of New England they have defeated Wisconsin and Colgate. Their single loss was in the opening match against Michigan College of Mining and Technology.

SGT. LUCAS

Master Sergeant John Lucas, Coach of the successful firers, attributes his team's success on the fine shooting of David O'Mara, the team's leading shooter.

He is followed closely in the point totals by Alexander E. Fallon, Francis A. Fluet, Louis E. Tarnowski, and Harry C. Haarup.
